

ESTATE AGENT PRO ENTERPRISE ADDITIONAL INFORMATION

Estate Agent Pro Enterprise incorporates an interface to the Google Maps API for either displaying the location of a list of properties or an individual property. When there are too many properties to display without them overlapping they will be grouped together with the number of properties shown inside the group. You can zoom down inside the group by clicking on it. There is also a facility to retrieve and store directions from your office to any property. These directions can then be automatically incorporated in to your property particulars

The usage of Google Maps is in accordance with the "Disclaimer" link displayed at the bottom right hand corner of the map. The "Terms of Use" agreement is between yourselves and Google Maps. The interface to Google Maps could be changed, or removed, or made chargeable at the discretion of Google Maps. Pair Software LLP will try to keep this interface available but cannot guarantee it.

We are now taking orders for upgrading to Estate Agent Pro Enterprise in March 2011

New monthly pricing structure per branch: 1 branch £200 * 2-4 branches £150 * 5-9 branches £125 * 10+ branches £100 (10% discount to existing users)
