Estate Agent Pro Enterprise allows both the definition of additional vendors and additional applicants in the scenario where more than one vendor or applicant is involved in selling or purchasing a property. This is particularly useful in the case of a divorce. There can be any number of these and they can be communicated with either individually or collectively. As with normal applicants and vendors, there can be unlimited contact details.

New monthly pricing structure per branch: 1 branch £200 * 2-4 branches £150 * 5-9 branches £125 * 10+ branches £100 (10% discount to existing users)
